WHEREAS, in addition to certain preliminary expenditures, the Borrower may pay certain expenditures (the "Reimbursable Expenditures") in connection with the Project prior to the issuance by the I-Bank of indebtedness for the purpose of financing costs associated with the Project on a long-term basis; and

WHEREAS, the I-Bank reasonably expects that a portion of tax-exempt bonds in an aggregate amount not expected to exceed \$300,000 will be issued to finance the costs of the Project and that certain of the proceeds of the tax-exempt bonds will be used to reimburse the Reimbursable Expenditures; and

WHEREAS, Section 1.150-2 of the Treasury Regulations requires the I-Bank to declare its reasonable official intent to reimburse Reimbursable Expenditures for the Project with proceeds of a subsequent borrowing;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the California Infrastructure and Economic Development Bank ("Board"), as follows:

Section 1. Based upon information presented at the meeting where adoption of this resolution was presented and the staff report presented to the Board, the Board makes the following findings:

(a) Borrower meets the definition of "sponsor" pursuant to Government Code Section 63010 (u) and is thus an eligible recipient of financing;

(b) The Project meets the definition of "public development facility" pursuant to Government Code Section 63010(q) and is thus an eligible project to be financed;

(c) The categories of Project costs proposed to be paid with ISRF Program funds meet the definition of "Costs" pursuant to Government Code Section 63010(f) and thus are eligible for ISRF Program financing;

(d) Borrower adopted a resolution consistent with the requirements of Government Code Section 63041;

(e) Borrower meets the "need for I-Bank financing" and "readiness to proceed" criteria contained in the Criteria;

(h) The proposed financing complies with the underwriting criteria and sources of loan repayment specified in the Criteria; and

(i) The proposed Project is financially feasible, with all Project funding sources identified and committed.

Section 2. The provision of ISRF Program funds to the Borrower consistent with the minimum terms and conditions specified in Attachment A to this resolution is hereby approved. The Chair or the Executive Director and the Secretary are authorized to execute all documents, certificates and other written agreements reasonably necessary to effectuate the described financing. The authority to execute financing documents shall expire automatically two hundred and ten (210) days from the adoption of this resolution.

Section 3. This resolution and the Board's approval do not constitute a commitment to finance the Project, but instead sets forth the terms and conditions that shall be contained in the financing agreement with the Applicant. It is the understanding that the financing agreement will require considerable conditions and agreements on the part of the Applicant in order to adequately protect the interests of the I-Bank. Attachment A is meant solely to call out minimum terms and conditions specific to this financing and is not meant as a listing of conditions of sufficient specificity to constitute a commitment to finance.

Section 4. This resolution is adopted for purposes of establishing compliance with the requirements of Section 1.150-2 of the Treasury Regulations. This resolution does not bind the I-Bank to make any expenditure, incur any indebtedness, or proceed with the financing of the Project.

Section 5. All of the Reimbursable Expenditures covered by this resolution were made not earlier than 60 days prior to the date of this resolution.

Section 6. The Board hereby declares its reasonable official intent to use proceeds of tax-exempt bonds to reimburse the Borrower for the Reimbursable Expenditures.
